TOURISM PROJECTS

Criteria

Tourism projects follow the same requirements and criteria as all other NDDF funding applications. Tourism projects must be focused on attracting out-of-state visitors and meet a 100 point scale based on these criteria:

- Location
- Marketing
- Hospitality
- Length of stay
- Attractability
- Uniqueness
- Overall impression
- Business revenue from outside the state

Marketing Plan

Funding applications for tourism projects must include a marketing plan that identifies the following:

- Primary markets
- Secondary markets
- Marketing resources that will be used
- Affiliations with other tourism partners
- Seasonality

FINANCING

Collateral

Loans must be secured by a first or second security interest on fixed assets, equipment, inventory or other reasonable sources of available collateral.

Other Criteria

- Refinancing of debt is not eligible.
- Financing cannot be more than 50% of a project's capitalization needs.

Application Process

- To determine whether or not your project is eligible, contact your local financial institution, economic development office or the NDDF staff. An early meeting between investors, entrepreneurs, community developers and other appropriate team players is recommended.
- After submitting sufficient information to determine the merits of your request, the NDDF staff requires a 15-20 day lead time to conduct due diligence.
- After board review, applicants receive written notice of approval or denial. Once you accept the commitment letter and provide necessary documents, closing takes place. This process usually takes 15-30 days.

NORTH DAKOTA DEVELOPMENT FUND

GROWING BUSINESSES

North Dakota Development Fund The North Dakota Development Fund (NDDF) provides flexible gap financing for new or expanding primary sector businesses in North Dakota. Funds are available through direct loans, participation loans, subordinated debt and equity investments. Funds may be used for real property, equipment and working capital.

Rural Revolving Loan Fund

The NDDF also administers the Regional Rural Revolving Loan Fund, which provides financing for primary sector businesses located in a community of less than 8,000 in population or located more than five miles outside of city limits.

Primary Sector

Primary sector includes individuals and businesses which, through the employment of knowledge or labor, add value to a product, process, or service that results in the creation of new wealth. Primary sector includes tourism and specific types of investor-owned agriculture, and is typically businesses such as manufacturers, food processors or export service companies. Investor-owned agriculture includes livestock feeding or milking operations, or other value-added agriculture located apart from an individual farm operation that is professionally managed and has employees.
